Titanic The Exhibition is an interactive exhibition showcasing over 300 artifacts from Titanic and her sister ships and from famous films to tell the chronological, dramatic tale of the design, creation, launch, maiden voyage and tragedy of the largest and most luxurious ship in the world at the time.

You will receive a boarding pass corresponding with a passenger on the ship. This will allow you to relate to the individual story of your passenger as you explore the first, second and third class galleries and the artifacts from each.

Following your incredible experience from another era, you will enjoy a three-course luncheon at the Chart House in Boston. There you will enjoy your choice of either Grilled Atlantic Salmon with lemon shallot butter or Chicken Romano with Romano cheese crust and lemon shallot butter. The Chart House is one of the original "counting houses." Did you know that "counting houses" were places where individuals or companies kept their accounting and administrative records? This is just a tiny bit of trivia that Boston has to offer! Then, it is time to board the bus for home.
